

ALEXANDRA SOOMIN HYUN

Patent & Trademark Associate
Attorney at Law, DC

Alexandra Hyun is an of counsel attorney at Bridgeway IP Law Group. She handles various IP matters, such as patent prosecution, trademark prosecution, and validity/infringement opinions. Her area of technical specialty is focused on biology and drug development.

While in law school, Alexandra worked as a legal intern at Bridgeway IP Law Group and Novick, Kim, and Lee. She also researched intellectual property related topics including "The Past, Present, and Future of Gene Patents."

Alexandra received J.D. equivalent first-professional law degree from Handong International Law School and LL.M. from Regent University School of Law (Virginia). She also received her B.A. in Biological Science from Handong Global University. She was designated as cum laude at both her undergraduate and law school studies.
